

To Whom it May Concern,

I would like to thank as many as possible for the "care package" I received. I would especially like to thank two school children for the notes they wrote. One is Raymond, a 1st grader from Coyle Avenue Elementary School. The second one is a student whose name I'm not sure of. The best I could make out in the letter was - Justis Angel Best, (I'm not even sure that's his name.)

Thanks again to all. We appreciate the thoughtfulness and effort.
